

SLOVENIA

- Due to the small size of Slovenia one can reach any of its regions as well as the bordering countries within one to two hour's drive from Ljubljana.
- It takes just an hour to go skiing to the beautiful slopes or swimming in the clear blue waters of the Adriatic sea, hiking in the mountains, white water rafting or one can simply visit the events or admire nature and enjoy the traditional cuisine and friendliness of Slovenian people.

REGIONS

- The Gorenjska region
- Goriška region
- Coast and The Karst region
- Central Slovenia
- The Podravska region
